EMERGING WOMEN LEADERS

ABOUT ELEVATE

A collaboration between TEMPO's Emerging Women Leaders group & Marquette University Graduate School of Management. With financial support from the TEMPO Foundation.

A premier leadership development experience designed for women poised to step into senior leadership roles. Developed and delivered by Marquette University faculty and staff, the program blends academic rigor with practical application to prepare participants for the next level of leadership.

Over ten weeks, participants engage in a transformative journey structured around four core themes:

- What is my Leadership Identity?
- How Do I Prepare for the Next Step?
- How Do I Inspire and Influence Others?
- How Do I Lead Change?

Each session combines foundational frameworks with hands-on skill-building to ensure participants leave with both insight and action.

"I am currently onboarding a new employee, and this has been helpful for managing change, shifting roles and structure, and trust building."

ELEVATE SCHEDULE

January 9 - March 20, 2026
