Lori Rosenthal, P.E., LEED AP, is a vice president with over 25 years of professional engineering and management experience, particularly in the manufacturing sector. She leads the Milwaukee facilities group and is responsible for its day-to-day operations and works to develop leadership, collaboration, and performance of the staff. Lori leads the implementation of GRAEF's strategic planning process. She serves on GRAEF's BOD, on UWM's CEAS Alumni Board, and is on the board for Congregation Shalom. She has a BS in Architectural Engineering from MSOE, an MS in Civil Engineering (structural) from UW-Milwaukee, and is currently completing an MBA from UW-Madison.

Expertise: Construction & Real Estate
